

"WITH THE COLORS"

Camp Devens, Mass.,
Tuesday Night.

Dear Brother:—

Less than half
an hour ago I received your
letter and I hasten to answer
it. You just tell Carly
and Crosby that I shall
most certainly be at the
Hostess House Friday noon,
and tell them to be sure
and come. It will be
mighty joyful to me to
see them. I shall be there
soon after eleven-thirty
Friday noon, and will stay
just as long as possible.
Well, I congratulate you
on another honor bestowed
on you by being chosen
on the Dev Day Committee.

I just goes to show how
very well-liked you are at
school. I am glad for your
success Wm. I only wish I
was able to see you thru
a post-grad course, but at
present, what you have obtained
up to now must suffice I
suppose.

Doris did not come up here
Sunday; she has been sick
with sore throat, but is better
now. I had dinner Sunday
with Elwood Ward and in
the evening I had supper
down-town. The day was
rather lonesome, but it
passed after a while. This
week evening I am to be
pretty busy, as I am taking
a pretty hard gas course,
I have to take notes like lightening
and then write them
out in full after the
lecture. I have to attend
seven lectures before I finish.

"WITH THE COLORS"

When I hand in my final thesis or whatever one calls it, and if I pass I will be eligible to instruct in "gym". So I'll have little time for a couple of weeks now, to myself.

Yes, Walter Pittston is up here now, but we are unable to see any of them as they were all put right into quarantine for two weeks, during vaccination and inoculation, so they would not spread disease.

All being well I go home this week Saturday. I am looking forward to it so very anxiously as I do long to be home with mother as often as possible.

Mother rather expected me
last Saturday, but I was
glad I didn't go as it was
so disagreeable Sunday with
the wind blowing a hurri-
cane.

I received a 50c
Book from Dr. Coffey
from Lawrence to-day. Was
so surprised but pleased.

Well, Wm I will not
write anymore now, but
will tell you all about
Hopedale, first of the week.
Now tell Carley I'll be
looking for him Friday Noon
at Hostess House. Lots of
love and good wishes to
you brother, from

Your loving brother,
Wm.
